Welcome to the 2024-2025 Continuing Student Housing Selection Guide. This guide contains important information for the selection process. Be sure to read this guide carefully and contact Residence Life at reslife@ut.edu if you have any questions.

[Residence by Symplicity: Selection How-](#)

Application Process

Log in to [Symplicity](#) with your Spartans domain and password. All eligible residents will have access to the application on their home screen. If you do not see the application and you are a current resident, please contact Residence Life before Feb

Part 1 of the application includes profile, special needs, meal plan, roommate matching profile, and housing agreement.

Part 1 is required and due by Feb 9 at noon.

Part 2 of the application is optional. You may select by yourself or as part of a group. Part 2 is where you will be able to find roommates. Adding or removing members may affect the group selection time.

Changing Roommate Groups

View and search rooms

You can use the filters to search for what type of space you are looking for. You will be able to filter by Building, Floor, Occupancy or Room Rate. This list is pre-filtered based on the combined eligibility of the group members. Changes in the roommate group may affect the rooms or apartments displayed. The Availability column lists how much space is available each room.

- x Rooms showing **BLUE** open room buttons are available for you to choose.
- x Rooms showing **WHITE** open room buttons are not available to groups of your size (your group may be too big or too small for that room).

You can save your favorite rooms by clicking on the star in the Selection column. By saving a Favorite room, participants create a personal list that allows for faster selection when it is your selection time.

When you click on Open Room, you will see any available additional information provided- which may include the floor plan. You can click on the image to zoom the view.

Clicking on the room will also render inclusive rooms as (mixed/no restrictions)
